**Jarvis desk shelf**

**STEP 1**

Align the Crossbar holes with the predrilled holes on the underside of the Shelf and secure the Crossbar with the Crossbar screws. Be sure the Crossbar column holes (shown above) are facing the back of the Shelf.

**STEP 2**

Slide the Columns into position on the Crossbar. Line up the holes on the back of the Columns with the Crossbar column holes and secure the Columns to the Crossbar with the two (2) Column Screws.

**STEP 3**

Double check all screws from Steps 1 and 2 are tight. Slide the completed shelf onto the edge of your desk and tighten the clamps securely.
